

AIR 1 serves me with the only type of music that I listen to as a resident of my local community. The effect on my local community, if AIR 1 were to be displaced by an LPFM broadcaster providing other overriding programming would eliminate the positive alternative to mainstream music that we have come to depend on. I believe that the service provided by AIR 1 is in the public interest because it constantly offers uplifting programming that can and does change lives for the better on a daily basis.
